

Date: 19 & 20-November -2022

Workshop Main objective/outcome: Main objective: Community capacity and need assessment

- what are the community needs and what is their understanding of deprivation and its different factors and the use of spatial data
- what data related to deprivation are most important for the community (identify indicators)
- what community data could be included in the model/system and how this data could be collected
- how to transform data into actionable information (data for advocacy)

Groups to be invited:

- Local NGOs, CBOs, leader/active in local groups (youth, women, possibly other groups and committees?, local businesses-chair)
- Service committees - formed during revolution - not active - or sensitive to participate - maybe invite individuals ?

Day One

Length: 8 hours

Requirements:

- Equipments for the duration of the training:
 - Smartphone, Laptop or tablet
 - Access to Internet
- Softwares/Applications:

Prerequisite:

Learning outcomes: By the end of this day, participants will be able to:

- Perceive the importance of data and the contribution of the community to data
- Acquire knowledge about spatial data
- Understand the concept of multi-level deprivation
- Identify relevant deprivation factors in their community

Summary Agenda

Min utes	Example Time	Activity	Description	
30	08:30 – 09:00	Registration	Participants signing up - تسجيل المشتركين	
15	09:00 – 09:15	Icebreaker activity	IdeaMapSudan ترحيب ومقدمة لمشروع Welcome and introduction to IdeaMap Sudan Project	Inas
35	09:15 – 09:50	Lecture & Discussion	أهمية المعلومات و دور البيانات المجتمعية Importance of information and the role of community-data	wafa
40	09:50 – 10:30	Lecture & Discussion	كيف نستخدم المعلومات لدعم قضايا مجتمعاتنا How to use data for your Community	Julia
30	10:30 – 11:00	Lecture	أهمية الموقع، لماذا؟ - ما هي المعلومات المكائنية Introduction to Spatial data /Why location matters	Fatima

IdeaMapSudan Project
Community Workshops

Date: 19 & 20-November -2022

30	11:00 – 11:30	BREAK	Break fast	
15	11:30 – 11:45	Lecture	مفهوم الهشاشة و العوز The concept of multi-level deprivation	Asgad
75	11:45 – 13:00	Brainstorming	ما هي أهم عوامل الهشاشة بمجتمعاتنا و أهم المعلومات للتعامل معها Identify and prioritise deprivation issues/factors in your community	
30	13:00 – 13:30	Brainstorming	Presentation of Groups works	
	13:30– 14:00	BREAK	Coffee Break + Prayer	
45	14:00– 14:45	Lecture	تخريط عوامل الهشاشة - IdeamapSudan IdeamapSudan - The approach and modelling methodology (exploring IdeaMapSudan system)	Fatima
45	14:45– 15:30		Feedback	

Date: 19 & 20-November -2022

Day Two

Length: 8 hours

Requirements:

- Equipments for the duration of the training:
 - **Smartphone**, Laptop or tablet
 - Access to Internet
- Softwares/Applications:

Prerequisite:

Learning outcomes: By the end of this day, participants will be able to:

- Understand the difference between primary data and secondary data
- Access existing open-source spatial applications and contributing to data
- Collect data using *Kobotoolbox* OR *photo-voice & walking interview data collection method*

Summary Agenda

Min utes	Example Time	Activity	Description	
30	08:30 – 09:00	Registration	Participants signing up - تسجيل المشتركين	
15	09:00 – 09:15	Lecture	المعلومات الثانوية - ما هي؟ Secondary Data	Wafa
30	09:15 – 10:00	Demo	المصادر المفتوحة للمعلومات المكانية Access existing open-source spatial applications (OSM)	Mustafa
60	10:00 – 11:00	Group Activity	في مجموعات صغيرة ، استطلع خريطة الشارع المفتوحة (OSM) وحدد البيانات المفقودة في منطقتك Explore OSM and identify missing data in your neighbourhood	
30	11:00 – 11:30	BREAK	Break fast	
15	11:30 – 11:45	Lecture	المعلومات الأولية- ما هي؟ What is Primary Data	Wafa
75	11:45 – 13:00	Demo & Exercise	جمع المعلومات باستخدام Kobocollect toolbox Primary Data - Uses of data collection methods (Kobotoolbox)	Wafa
30	13:00– 13:30	BREAK	Coffee Break + Prayer	
90	13:30– 15:00	Exercise	تطبيق جمع المعلومات باستخدام (Kobocollect toolbox) في مجموعات صغيرة Group Work- (Kobotoolbox)	
30	15:00– 15:30	Exercise	جمع المعلومات باستخدام (Kobocollect toolbox) - عرض عمل المجموعات
